D. Floor state at each boundary
0.5×
chance
2×
boundaries in this floor state / expected
○ F1: one speaker holds the floor (top share ≥ .70)
□ F2: collaborative floor (≥ 3 active, top share < .50)
filled = differs from chance, p < .01
* above chance, ° below chance (p < .01, 1,000 circular shifts)
